SITTING BULL 2005

manufactured by Magnus Olesen

designed by Pelikan design

Horizontal stacking

S·E

HARMONICA 2002

manufactured by Magnus Olesen

designed by Pelikan design

The floating tilt allows you to sit ergonomically for hours and also makes the chairs perfect as meeting chairs, canteen chairs and conference chairs.

There is a large plastic cover on the underside, so that they don't get marks and damaged upholstery, regardless of whether you stack 10 in one stack
